1. Contest Topic: “TOGETHER WE ARE STRONG TOGETHER WE SUCCEED”

What needs to be done? Just saving the day or walking hand in hand towards the future ? The responsibility of the risks the World face, concerns not only governments but also private sector organisations, non-governmental organizations and academies. Society is not indifferent to it too

It's obvious that nothing is like before.

The pandemic effected the whole World in terms of economy as well.

When we take a look at the circle of life, we see the signs of the fact that climate change will cause both economic and social problems in near future.

Business world that aims for long-term objectives is uncertain about next year's targets. Business world tries to preserve savings, which built-up over years and to save the day at the same time.

It shouldn't be going like this.

Finding common purpose, joint principles and mutual understandings is the key to break this life cycle. Not only to save the day but also to walk hand in hand to the future, we organize this contest within the scope of TOGETHER WE ARE STRONG TOGETHER WE SUCCEED.
